neck  
arthritis  
tennis elbow  
**backache**  
gonalgia

**Hilterapia®**  
and you're  
back on track

## Hilterapia®, the most efficient new, pain-free way to fight and beat pain

The unique, patented features of the **HILT**® impulse provide significant advantages as compared with other therapy tools:

> only **Hilterapia**® is able to take strong doses is able to take strong doses of energy safely to such depths for the patient, thereby stimulating tissues that would not otherwise react, and successfully treating pathologies where other therapeutic techniques are inadequate;

> only **Hilterapia**® makes it possible to exercise the photochemical, photothermal and photomechanical effects of the laser at the same time;

> only **Hilterapia**® relieves pain from the very first treatment, with quick patient recovery and quick restoration of function, with a limited number of sessions and short treatment times.

### JOINTS

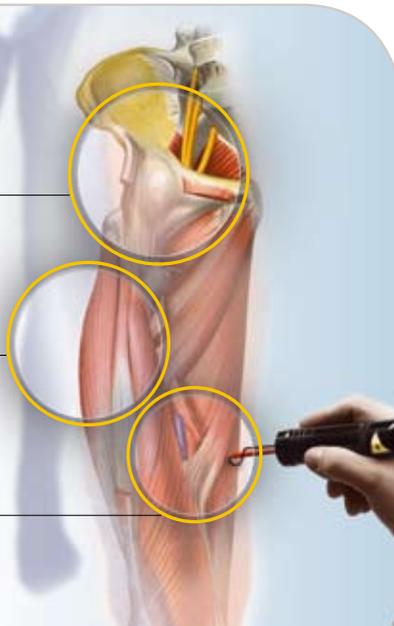

Reduces joint inflammation and stimulates regeneration

### MUSCULAR SYSTEM

Rapidly resolves spasms providing intense pain relief

### CIRCULATORY AND LYMPHATIC SYSTEM

Helps the supply of nutrients and the re-absorption of oedema

## Hilterapia® Qualified Center, specialists in restoring your wellbeing

In **Hilterapia**® equipped centres, recognisable from the trademark shown, you will find a trained, up-to-date specialist who, after a careful case history will know exactly which treatment protocol to apply to most efficiently treat your pathology.

## Hilterapia® recharges your batteries

### SPORT

Whatever level of sport you practise, you will no doubt know that tendonitis, epicondylitis, trauma and sprains are just around the corner, and you will also know that you will need to be up and running again as quickly as possible. This is why **Hilterapia**®; starts working from the very first session. This is why professional rugby players, footballers, athletes and motorcyclists use **Hilterapia**®: pain is relieved, even deep down, in a short space of time, meaning you're, quite literally, straight back on 'track'.

### PAINFUL PATHOLOGIES

Your patients will benefit from a new, positive energy, the effect of **Hilterapia**® on all painful pathologies involving the muscular-skeletal apparatus: pain relief, anti-inflammatory and anti-trophic for back and neck pain, sprains, insertional pathologies, bursitis, periarthritis.

### PHYSICAL THERAPY AND REHABILITATION

To return to physical shape, to recover functionality compromised by surgery or a fracture, to restore a more regular motor activity, but above all to reacquire a good quality of life, **Hilterapia**® is an efficient solution. It encourages quick rehabilitation and a speedy, progressive disappearance of pain.
